# `Dedication' ....is sincerity in duty no matter what so ever

Here is very a simple and cordial person Shri Jayasimhan, who has been rendering a very satisfying in his assigned duties at SYMA Medical Center. He has endeared himself to be close to every one of us – to the Doctors, patients and everyone visiting Medical Centre. A more focused and disciplined retired person, he comes to the medical center early in the day and is always available with a smile, raising the comfort to everyone in SYMA, that the medical centre is taken care of so very well.

11.11.19 morning did not dawn well with the news of hospitalization of Mr Jayasimhan having suffered an heart-attack on 10.11.19 night. He was in ICU for a couple of days and under treatment.

A couple of hours after he was admitted in ICU, he had submitted a note to SYMA, about pending works of previous day at Medical Center– a note from a man admitted for heart ailment and in ICU – 'what a level of commitment' – hats off to Shri Jayasimhan, he is simply a towering inspi-

ration for all of us to continue service to the poor and downtrodden. He has recovered well and is back with us at Medical Center to continue his services.

### **PYCROFTS ROAD - TRIPLICANE**

We got to know about the road where we spend much time searching for old books sold on platform on various subjects. It is one of the famous landmarks of Chennai. This road is becoming the next

Ranganathan Street at times of festivals. Pycrofts Road which has been named after Sir Thomas Pycroft. Pycrofts Road has been renamed to Bharathi Salai now.

#### **SIR THOMAS PYCROFT:**

Sir Thomas Pycroft was a British administrator and Civil servant who served as a member of the Madras Legislative Council from 1862 to 1867.

Thomas Pycroft was born in the parish of St John, Hampstead,

Middlesex to barrister Thomas Pycroft and his wife Mary Pycroft on 4 December 1807. He was the elder brother of British writer James Pycroft

He was schooled privately and at Bath Grammar School and graduated from Trinity College, Oxford in 1829. On completion of his education, he was offered a "writership" by the President of the Board of Control of the British East India Company.

Pycroft arrived in Madras in August 1829 and served, initially, as writer and then, in the revenue and judicial departments in South Arcot from 1829 to 1839 when he returned to the United Kingdom.

In 1843, Pycroft came back to India after a three-year hiatus and was transferred to the Madras secretariat. Pycroft was initially appointed Sub-Secretary and then, promoted to Secretary of the Revenue Department in 1845. The very same year, he was appointed acting Tamil translator to the Madras government. Pycroft became Chief Secretary in 1855 and served from 1855 till 1862, when he nominated to the Madras Legislative Council.

Pycroft served as a member of the council for five terms from 1862 to 1867. In 1866, Pycroft was made a Knight Commander of the Order of the Star of India. Pycroft died at Folkestone on 29 January 1892 at the age of 84. The street in which he lived was named Pycroft's Road in his honour.

# பப்பாளியின் மருத்துவ குணங்கள்

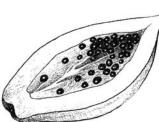

ஆப்பிளை விட சிறந்த பழம் பப்பாளி. இதில் ஆப்பிளில் உள்ளதை விட அதிக அளவில் சத்துக்கள் நிறைந்துள்ளன. விலையும் மிக மலிவு. இதனால் இதை ஏழைகளின் ஆப்பிள் என்றே அழைப்பா்.

பழங்களில் மிக மிக குறைவான கலோரி பப்பாளியில் தான் உள்ளது. 100 கிராம் பப்பாளியில் 32 கலோரிகளே உள்ளன. ஆப்பிளைக் காட்டிலும் இனிப்பானது பப்பாளி. பப்பாளியை தினமும் உணவில் நாம் சேர்த்து வர நோய் நொடியின்றி ஆரோக்கியமாக வாழலாம்.

பப்பாளியை எந்த காலத்திலும் எப்பொழுது வேண்டுமானாலும் சாப்பிடலாம். இது ஒரு திகட்டாத பழம் என்பதால் நாம் அளவுக்கு அதிகமாக சாப்பிட்டு விடுவோம். அப்பொழுதுதான் பிரச்சனை. அளவோடு சாப்பிடுவதே நல்லது.

பொதுவாகவே பப்பாளி தலைமுடி, சருமம், கண்பாா்வை, தொண்டை, வயிறு, சிறுநீரகம் அனைத்திற்கும் மிகவும் ஏற்றது. பப்பாளியை தவிா்ப்பது என்பது நமது ஆரோக்கியத்தை நாமே தவிா்க்கிறோம் என்றுதான் அா்த்தம்.
