GROWTH :

At SYMA, we strongly believe that one of our foremost responsibilities is to contribute to the betterment of society and support the underprivileged. We believe that providing children with access to quality education is one of the most effective ways to achieve this goal. With this vision, SYMA-Growth was established on 6th July 2008, marking the beginning of a meaningful journey in educational service.

As part of this initiative, SYMA-Growth conducts daily coaching classes for students of Class 10 and Class 12.

We are delighted to share the excellent performance of our Growth students of Academic Year 2025-2026 in this year's public examinations.

Class 10 Results

Out of 33 students who appeared for the examination, 31 students successfully passed. Megalan emerged as the top scorer with 422 out of 500 marks, closely followed by Swati with 420 out of 500 marks.

Class 12 Results

As shared earlier, 45 out of 47 students successfully passed the examination. Yogesh, from the Science group, secured the highest mark with 537 out of 600. Additionally, six students scored more than 500 marks.

Overall, the students of SYMA Growth have achieved commendable results. This is a proud accomplishment that encourage and inspire us in our journey for excellence in this endeavor.

We extend our sincere gratitude to our **dedicated teachers, hardworking students, supportive parents, Principal Ms. Jayasudha, the coordination team, and the management and Headmistress of NKT Boys School** for their invaluable support and contribution to this remarkable achievement.

This success would not have been possible without the unwavering encouragement and generous support of our donors, members, and well-wishers. Their continued faith in our mission inspires us to strive harder and reach greater heights.

On behalf of SYMA and the entire Growth team, we express our heartfelt thanks to each and every one of you for standing with us in this noble mission of empowering young minds through education. **Together, we continue to make a difference.**
